My priorities are:
1. Fix up what we have so they function well (I don't think there's a whole lot to do here)
     registration forms so can be filled in on line ???
     Put PayPal link on all web sites – how to distinguish donations from registrations?
2. Add documents to update the sites (in the DropBox folder) (this shouldn't be hard or long for you)
     see below to see where they go – documents are in DropBox folder
     OR if it is better to put them in the new location where all documents will go do that (3a. below)
3. Update, change, improve the web sites basic structure and functionality - I think this is where most of the time will be spent and your talents will be most valuable
    a. Put all the articles and books on one site and link to others instead of having them spread out
    b. All articles and books need to be updated as to copyright, web site, email, etc (teach me this) *
    c. Totally restructure the SW site so makes better sense
4. India site with more content for Indian pastors, especially teaching videos uploaded, teaching courses developed, etc.

We'll prioritize things and see how much we can get done with the available money.

DOCUMENTS TO BE ADDED 1-2017

FAMILY WEB SITE

MARRIAGE RETREAT 2016 http://family.christiantrainingonline.org/marriage-retreats/past/

MARRIAGE RETREAT 2017 http://family.christiantrainingonline.org/marriage-retreats/past/

WORLD VIEW 2016 LEADERS INTENSIVE

WORLD VIEW 2016 SUMMER

WORLD VIEW 2016 REUNION

TEACH ME HOW TO DO THIS: (3b. above)

I would like to go back over each and every article and make sure they have the correct Copyright and email address to me (CTO email address). That will be time consuming but I and another volunteer can do it so you don't have to. Lets see if we move all the articles to one central location, then we can do it then for them and all the workbooks, etc.

FOR SW ARTICLES BY DON ROGERS

Rev. Dr. Jerry Schmoyer

http://www.christiantrainingonline.org/ (or wherever all the articles will be delposited)
